TEST 6

Catch a Duplicate

STORY

Basheer pays Rs 1000 cash for buns. Same day, Zoya raises a PO for Rs 996 buns from same vendor.

OUTLET PAYMENT

Basheer · NCH outlet

Rs 1,000 · '120 buns Ganga Bakery'

Recorded as PAID

VS

PURCHASE ORDER

Zoya · Purchase app

Rs 996 · PO 'Ganga Bakery'

Recorded as OPEN PO

COCKPIT DUPES TAB FLAGS THIS PAIR AS 'CROSS-SYSTEM SUSPECT'

Why it matters: P&L will count Rs 1,000 + Rs 996 = Rs 1,996 spent on buns,
but the real spend was just Rs 1,000.

ACTION: Either close/cancel the PO (it was already paid in cash) OR delete the outlet expense (the bill will come via the PO). NOT BOTH.

WHEN STUFF BREAKS

How to Report It

WhatsApp

NIHAF

Use the same number you message me on every day.

SEND ME 4 THINGS

(takes 30 seconds)

1. Which app you used (URL or name)
2. Which test number (1 to 6)
3. Screenshot of the screen that's wrong
4. What time you did the action

That's enough for me to trace it across NCH, HE, and HN logs.
